32 Gallon Replacement bag

Manufacturer: C.A.P. Custom Automated Products

PAYLOAD REPLACEMENT BAGS (PEB-068)PAYLOAD EXTRACTION BAGS

Specify which color bag you are wanting to replace in the Comments text area while checking out. This is because there is only the one code for all replacement bags. The top bag is the 220 micron and the bottom bag is 25 micron.

The Payload extractor bag is the very best cold-water extraction system in production today. Payload offers a four-bag kit and a nine-bag kit at the best retail price in the industry. We are positive that those who choose to use this product will be very satisfied with their purchase. Payload Extractor Bags stand behind the quality of the
product and offer a 100% satisfaction guarantee.
Payload filtration kits allow you to safely and efficiently extract the valuable resins that plants naturally secrete, without the use of
any chemicals. Plant extracts have many uses and health benefits including: cooking, perfumes, shampoos and soaps, beverages, and aromatherapy.

Bag Features:

Hand made
Drawstring for a tight fit
Industrial waterproof nylon sidewalls
Strongest Filter on the market, guaranteed pore size
Surge seamed with nylon upholstery thread for strength
Grommets for use in a suspension system
Product is lightweight and inexpensive to ship
Filters are very sturdy and the increased design of filter in the sidewall allows the liquid to flow out of the bags faster and with less stress on a person physically
Simple easy-to-follow instructions included and online
All Bags are color coded and the bags numbered and labeled
High quality pressing screen provided

PAYLOAD EXTRACTION BAGS
These bags fit inside a standard 5 or 32 gallon plastic container (the one with the rope handles) available from any home improvement store.
