CAP MAXLUME T5 FIXTURE (FL48G)C.A.P. Maxlume T5 Fixtures
T5 High Output fluorescent lighting is the wave of the future in indoor horticultural lighting. They put out very little heat (about 20%) as compared to a conventional H.I.D. light. The MaxLume T5 Flourescent Light Fixtures are energy efficient electronic ballasts ideal for wide light disbursement resulting in a bright and even growing area. Multiple side vents allow for cooler operation and wire cables allow vertical or horizontal hanging positions. Made with a reflective white powder coated finish to resist moisture. Fixtures are pre-loaded with your choice of blue or red bulbs. All MaxLume T5 fixtures include on/off switches and can chain easily together running on a single 12' power cord. Operates on 120v only. 5 year " no hassle" warranty.
