Manufacturer: C.A.P. Custom Automated Products

CAP MAXLUME T5 FIXTURE (FL48M)C.A.P. Maxlume T5 Fixtures
T5 High Output fluorescent lighting is the wave
of the future in indoor horticultural lighting.
They put out very little heat (about 20%) as
compared to a conventional H.I.D. light. The
MaxLume T5 Flourescent Light Fixtures are
energy efficient electronic ballasts ideal for wide
light disbursement resulting in a bright and
even growing area. Multiple side vents allow for
cooler operation and wire cables allow vertical
or horizontal hanging positions. Made with a
reflective white powder coated finish to resist
moisture. Fixtures are pre-loaded with your
choice of blue or red bulbs. All MaxLume T5
fixtures include on/off switches and can chain
easily together running on a single 12' power
cord. Operates on 120v only. 5 year " no
hassle" warranty.
