FLORABLEND™ GALLON

Model: 732212

FLORABLEND™ GALLON

Manufacturer: General Hydroponics

Florablend 0.5-1-1

FloraBlend™ is a vegan plant booster that is made from a proprietary blend of plant materials, plus seaweed, rock powders and micronized leonardite. It is produced with a diverse mixture of highly bioactive microorganisms that are fed a feast of select food sources in a hyper oxygenated environment. These beneficial microorganisms multiply rapidly consuming these food sources and new organic compounds are formed. These compounds increase and promote healthy root structures, build the plant's immune system and provide carbon building blocks for plant processes responsible for color and flavor of fruits and vegetables.
