All System™ Cord Set - no cord

Model: eco-4519
All System™ Cord Set - no cord

Manufacturer: HydroFarm

All System™ Cord Set - no cord (eco-4519)All System Cord Set & Socket ONLY - No Cord
All System Cord Sets / Conversion Plugs
Use CS53505 (All System Cord Set & Socket Only) & CSHDWKT (Cordset Hardware Kit) together to wire onto Lumatek ballast.

We start with a 6KV pulse rated position-oriented mogul socket - the highest rating of any socket on the market. The socket is mounted on our patented All System cylinder and mounting disc which adjusts each bulb for maximum reflectivity.

These adapter plugs allow the customer to plug Type
S reflectors to Hydrofarm ballasts or Hydrofarm reflector
to Type S ballast.
