Dutch Master Folitech Grow & Flower
FOLITECH GROW 1L/34OZ (12/CS)
Its now a scientific fact that FOLITECH, when used together with PENETRATOR, will increase your plants basic energy production (response to light) up to a whopping 180%!In recently conducted experiments by DUTCH MASTERs Senior Researcher, FOLITECH, together with PENETRATOR, was sprayed on plants & the total chlorophyll activity & chlorophyll fluorescence levels were measured using an advanced Bio Rad Confocal Laser Microscope. The results were, to say the least, astonishing.FOLITECH Grow has been dynamically designed to channel this increased energy into key areas of vegetative development. Complex branching, tighter internodal spaces and faster, more luxurious growth, are all possible when using FOLITECH Grow.
