Can-Filter Flange (CFLNG14)About Can-Filters

The original carbon air filter! Can-Filters has been manufacturing carbon air filters for the last 15 years. With time comes experience and professionalism. This has enabled them to manufacture a high quality, no maintenance, carbon air filter with a tested and true 99.5% odor removing capability and a suggested life span of 12-18 months.

Can-Filters use a custom specified virgin activated Coal based carbon, (CKV4) to ensure the longest possible life in most applications. Whether for commercial, industrial, or residential use you can be sure that the proper carbon type, carbon weight, and bed width has been chosen to give full odor removal.
