Manufacturer: Sun System / Sunlight Supply

Seedling Heat Mat - Fast Gro
FAST GRO HEATING MAT 22in x 44in (12/CS)
The Fast-Gro heating mat costs just pennies a day to operate & will provide amazing results. Greenhouse tests have shown that identical plants, cared for in exactly the same way, will grow up to three times faster when their roots are kept warm. In fact, if the air temperature is as low as 50 degrees, plants without root zone heating dont grow at all while those that do have root zone heating continue to thrive and grow!Germinate seeds faster - ideal for starting seedlings! Grow plants up to 3 times faster!Keep soil temperature 15 to 20 degrees above room temperature - helps prevent root rot!Perfect for use in cooler window boxes - saves on heating bills!Water resistant construction - spills just wipe off!

Manufacturer's Product Information

2007 MSRP Each $66.95
Case Weight13.41 LB
Case Dimensions26.25 x 15.5 x 5.5 IN
Case Quantity12

Price: $46.41
