Model: 960200
New Wave T5 44 - 4 ft 4 Lamp (Special Order) Case of 100

Manufacturer: Sun System / Sunlight Supply

New Wave® T5 HO Fluorescent Light Fixtures
95% reflective German aluminum reflector. These high quality T5 HO (high output) fixtures are fabricated and assembled in the USA with US and globally sourced parts. They feature the reliable Fulham brand multi-volt 120-277 V ballast(s). These special order fixtures are custom-built to operate at 120, 208, 240 or 277 volts. New Wave's feature a heavy duty white steel housing that is louvered and slotted for efficient cooling. The reflectors are made with 95% reflective German aluminum for maximum reflectance & uniformity. Purchase your choice of lamps separately. These fixtures are custom built only and have a minimum order quantity of 100 units. Lead time to produce is approximately 3-4 weeks. US Patent No's: D543653, D543654, D544981, D544985 & D544626.

Price: $13,725.12

Options available for New Wave T5 44 - 4 ft 4 Lamp (Special Order) Case of 100 :

Extra Shipping Box: As we all know, couriers can be very hard on freight. As a precautionary measure, we are offering our customers the option of purchasing these protective over wrap boxes. The boxes are 150 lb kraft (brown color). The idea is that when the order is shipping, the printed master carton is put inside this box. UPS/FedEx/USPS will inevitably scuff up the outer carton but when the printed master carton is removed from the over wrap box, it will look nice and new

No Thanks, Overwrap Box (+$4.00).
