Introducing the next generation in portable grow rooms - The GrowLab Horticultural
Here are just some of the unique and exciting features you wont find elsewhere:

Clear viewing windows! on all models except GL40, GL60, 6L240 & GL290.
Increased weight capacity — roof cross-members easily support 100 pounds.
Sturdy powder coated framework - helps protect against rust and gives a cleaner look; thicker than previous models.
Highly reflective interior - significant increase in reflectivity for improved lighting performance.
Thermally protected - tent material reflects 97% of all radiant heat for superior insulation.
Completely non-toxic - will not react under light and heat, and no off-gassing to harm plants.
Improved fabric & zippers - thicker fabric than previous models, with the best zippers on the market.
Moveable roof cross-members - easily adjust lighting and accessories; pieces snap into desired place for better functionality.
Multiple intake/exhaust ports - including two ports opposite each other at reflector level for air-cooling of lighting system on most models.
Adjustable fan and ducting attachments - no more clamps or reducers needed!
Waterproof floor — a second floor that is removable for easy cleaning between crops.
