Humboldt Nutrients Big Up Powder 1 lb.

Model: dl-HNBUP410

Humboldt Nutrients Big Up Powder 1 lb.

Manufacturer: -

Humboldt Nutrients Big Up Powder 1 lb. (HNBUP410)A local legend in Humboldt County: Big Up Powder is a premium bloom booster. Humboldt Nutrients agronomists and chemists have developed Big Up Powder after years of research and local trials. Many similar products contain artificial coloring and dyes, but Big Up Powder is free of all of these unnecessary ingredients. Big Up Powder is designed specifically for the first week and final weeks of the flowering period. Plants are in a transitional phase during this first week. By introducing Big Up Powder in the first week of flowering, you effectively flip the switch in your plant, sending it immediately into an intense flowering cycle. Big Up also provides the final boost of energy that your plants need to finish the bloom cycle. Our customers have been amazed by the Big Up Powder, time after time gardeners depend on the power and consistent results offered by this superb additive. After using Big Up Powder, expect to harvest much larger and harder flowers than previous crops. Guaranteed Analysis Available Phosphate (P2O5)……33% Soluble Potash (K2O)……23% Derived From: Monopotassium phosphate, Ascophyllum nodosum. ALSO CONTAINS NON-PLANT FOOD INGREDIENT: 2% HUMIC ACID (DERIVED FROM LEONARDITE) Directions: First Application: Add 1/4 tsp per gallon at the very start of bloom to effectively switch your plants into flowering. This will increase your concentration by 150-300 PPM. Second Application: Add 1/2 tsp per gallon of nutrient solution. This will increase your concentration by 300-400 PPM. Apply with 3 weeks left. Third Application: Add 1 tsp per gallon of nutrient solution. This will increase your concentration by 500-700 PPM. Apply with 2 weeks left.
