10" CD-In-Line Duct Ozonator Corona Discharge w/2 cells

Model: hf-OECD10002

10" CD-In-Line Duct Ozonator Corona Discharge w/2 cells

Manufacturer: uvonair

Ozone Environmental / Uvonair 10" CD-In-Line Duct Ozonator Corona Discharge w/2 cells (OECD10002) Breathe easy while the Uvonair attacks and neutralizes odors at the source. Uvonair eliminates odors caused by tobacco smoke, molds and mildew. It even tackles the unpleasant odors from pets, cooking, and damp basements. How? The Uvonair generates Ozone (O3) - one of the most powerful oxidizers available. O3 doesn't just mask odors like mere air fresheners - it neutralizes odors at the source, then harmlessly converts to CO2 and oxygen. The Uvonair works silently with the same ozone generating technology available in units costing hundreds of dollars more. The Uvonair is ideal for homes, offices, workplaces anywhere that can benefit from purer, cleaner air. Set the adjustable output by monitoring the exhaust air for odors. CD In-Line Duct Ozonator for super large areas. For rooms up to 40,000 cu. ft., 10" unit with two corona discharge cells. Item pictured is OECD1200, with three cells - this unit includes just two cells.
ozone production - 3000 mg/hr
60 watts / .5 amps
