Manufacturer: Smithers-Oasis

OASIS® WEDGE® GROWING MEDIUM
PERENNIAL PLANT PROPAGATION

A growing medium that is very forgiving on water, yet is able to keep the plant wet without total saturation of media, sums up WEDGE® Growing Medium. Commercial greenhouse growers have found WEDGE® Medium takes away the issues of root rot. Some perennial growers that have switched over to the WEDGE® from a soilless growing mix have results of as much as 30-40% faster crop rooting. This is largely due to the fact that WEDGE® Medium has a cell structure that's very similar to the cell structure of plants themselves. Perennials such as Dianthus, Helichrysum, and Verbena used in WEDGE® Growing Medium have higher rooting yields and faster crop time, resulting in more profits for the grower.

Item No. 5643 - WEDGE® Tray and Medium

102 cells/tray(6 rows x 17 cells)
10 trays/case

MSRP: $87.95

Price: $60.63
