The botanicals are all food grade GRAS (generally recognized as safe) materials. SNS-203™ Kills and Repels Fungus Gnats, Root Aphids, Thrips, Shore Flies and White Flies. SNS-209™ provides a barrier for plants to protect them against damaging insects. The barrier is harmless to the plant but distasteful to mites and other insects. SNS-209™ Systemic Insect Control is made up of 100% pure botanical extracts that are highly water soluble. SNS-217C™ Concentrate Spider Mite Control is made up of 100% pure Rosemary botanical extracts. The botanicals are all food grade GRAS (generally recognized as safe) materials. SNS-217C™ Concentrate Spider Mite Control is a five to one (5 to 1) concentrate, one gallon of SNS-217C™ and five gallons of water will make a total of six gallons of ready to use spider mite contol that may be used immediately or stored and used later. SNS 311 All Natural Concentrated Plant, Fruit, Vegetable and Surface Wash is made of a naturally occurring soap from the soap bark tree grown in Chile. This rare soap has been used by the Andean people for centuries in traditional medicine to relieve cough, bronchitis, and topically to relieve scalp itchiness, dandruff and also a natural clothes and skin cleanser.
