Model: MLC-8

MASTER LIGHT CONTROLLER, (8) 240VAC STYLE PLUGS, 40 AMP @ 120/240VAC,120VAC TRIGGER

Manufacturer: C.A.P. Custom Automated Products

Master Lighting Controller 8 Lights (240 volt, 240 style plug) (MLC-8)MLC-8 & 8A — Master Lighting Controllers The MLC-8 and MLC-8a Master Lighting Controllers are the best devices for controlling up to eight 1000 watt HID lights from one time-clock or controller. You run 40 amp, 240 volt power into the MLC-8, and all of the outlets are controlled by one 120 volt trigger cable. You can plug the trigger cable into a standard 24 hour timer, environmental controller or one of the C.A.P. HLC series of garden and lighting protection devices. The MLC-8 has eight 240 volt style (NEMA 6-15) outlets, which your ballasts are plugged into. The MLC-8a has eight 120 volt style (NEMA 5-15) outlets which allows for running your ballasts at 240 volts without having to change out your ballast power cords. An integrated timer option is available which allows you to control your MLC with the built-in time clock, as well as dual trigger cables to split 2 series of 4 lights. The MLC-8's are rated for 40 amps @ 240 volts. 3 year no hassle warranty.
