10" Pot w/ Mesh Bottom, bag of 50

Model: hf-HG10RDPOT

10" Pot w/ Mesh Bottom, bag of 50

Manufacturer: HydroFarm

Hydrofarm 10" Pot w/ Mesh Bottom (HG10RDPOT) Score a hole in one -- or many holes -- with the Hydrofarm round mesh bottom pot. Holes in a planter or container may seem counterintuitive, but true hydroponics aficionados know that you've got to set your roots free. The holes in the bottom of these pots promote healthy roots with even drainage. Letting the roots grow their own way, right down through the pot, allows for bigger, healthier roots. These pots work with any kind of media -- hydroponics or soil-based. They're also easier to clean, since water runs right through the holes.

If you've ever experienced hand cramp or fatigue, let our pots come to the rescue. You'll notice comfortably-sized lip along the top of these containers, making them easy to grab, lift, and transport.

Check out our full collection of these net cups, net pots, bucket baskets, and other containers to round out your garden supplies.
