## 100 Gallon/Day Reverse Osmosis Filter

Model: dl-GOEX100

100 Gallon/Day Reverse Osmosis Filter

Manufacturer: -

100 Gallon/Day Reverse Osmosis Filter The EX100 is designed to flow 4.6 GPH, (Gallons Per Hour) at almost 0 ppm RO water, with a 2:1 waste ratio. It's affordable and durable, packed with features you would expect from a higher priced unit. It outflows all other RO's in it's class, with all the quality you would expect from a GrowoniX product.
