Manufacturer: Smithers-Oasis

OASIS® ROOTCUBES GROWING MEDIUM
Woody Ornamental Propagation

Hard to root woody ornamentals, truly benefit from ROOTCUBES® Growing Medium's engineered balance of air and water ratio. Dogwood, Euonymous, Spirea, Picea, Pachysandra, and Ilex(just to name a few) have shown to root more quickly than when using traditional media types. Woody ornamentals that have a tendency to rot or have a long rooting time have shown better yields and performance when using ROOTCUBES® Medium over perlite or sand pans.

ROOTCUBES® Growing Medium is available in "standard" size 10" x 20" sheets or a 10 count cell strip. Here are the types of OASIS® ROOTCUBES® Growing Medium best suited for Woody Ornamentals.

Item No. 5010 - ROOTCUBES Medium 1 1/4"

Universal hole diameter - 3/8"
104 cells/sheet (8 rows x 13 cells)
