1000w Blue Ice U Conversion Lamp

Model: SMC1000CU

1000w Blue Ice U Conversion Lamp

Manufacturer: SUNMASTER

A Metal Halide Lamp you can burn in a High Pressure Sodium Ballast. May be burned in any position. Manufacture Code: LM.1000W.U37.5.5K Initial Lumens: 100,000 Sunmaster is the leader in Metal Halide lamp technology. Sunmaster designed this high tech lamp exclusively for the plant growth industry. People using High Pressure Sodium have seen poor growth during the grow stage of plant life. These lamps can screw into a HPS ballast to improve plant growth during the grow stage. SUNMASTER Blue Ice Grow Lamps emit light from 5500° to 6000° Kelvin, imitating the natural look of daylight. They are an ideal light source for the seedling and vegetative stages of plant growth, while still emitting a wide spectral distribution. Designed for optimal performance on electronic ballasts. Maximum blue for seedling and vegetative growth. Sufficient orange-red for stem elongation and flowering. Ideal lamp for display purposes. Imitates daylight. Balanced spectral output. Long life

Price: \$71.01
