## 1000w Red Sunset HOR Metal Halide Lamp

Model: SM1000WHS

1000w Red Sunset HOR Metal Halide Lamp

Manufacturer: SUNMASTER

Horizontal operation only. Pin must come to rest at the 9:00 position. Manufacture Code:

SM.1000W.H37.3.2K Initial Lumens: 115,000 Sunmaster lamps are tailored to promote optimum development at each plant growth stage. This Red Sunrise lamp has enhanced orange-red light for maximum flowering. This lamp requires proper horizontal positioning. The base has a pin that must rest at the 9:00 position for best lamp light. SUNMASTER Red Sunrise Grow Lamps emit balanced light similar to a 3000° Kelvin source, making them ideal for all phases of plant growth while ensuring more natural growth patterns occur in most species. Its enhanced orange-red component promotes flowering, stem elongation and germination while a rich blue content assures healthy vegetative growth. SUNMASTER Red Sunrise Metal Halide Lamps surpass all other HID sources in PAR watts - the most objective measurement of total light energy available for photosynthesis. Designed for optimal performance on electronic ballasts. Balanced spectral output. Single source provides nutritious light for all phases of growth. Enhanced orange-red component promotes flowering, stem elongation and germination. Rich blue content for healthy vegetative growth. Highest PAR rating of all HID sources. Long life, economical.
