105 GAL GREEN STANDUP RESERVOIR 23" Diameter x 63" Height

Model: 707169

105 GAL GREEN STANDUP RESERVOIR 23" Diameter x 63" Height

Manufacturer: -

105 Gallon Stand Up Green Reservoir

This polyethylene vertical storage tank is manufactured to strict guidelines to ensure years of high performance use. Manufactured using resins that meet FDA specifications to ensure safe storage of potable water. Rugged, impact and corrosion resistant, one piece seamless construction makes this tank the perfect choice for fertilizer solutions. The tank has capacity for 105 gallons and is 23" in diameter and 63" tall. Each tank includes an 8" threaded lid and a 2" by 3/4" bushing with a 3/4" plug. The tank comes in opaque green to block light, thus preventing algae build up, assuring quality nutrients with every feed.

MSRP: \$349.95
