4' x 4' Gorilla Grow Tent SHORTY w/ 9" Extension Kit

Manufacturer: Gorilla Grow Tent

Gorilla Grow Tent's new short grow tent is making big waves in the industry...

The Gorilla Grow Tent Shorty continues the Gorilla legacy by redefining possibility in the grow tent industry. Not only does the Shorty exceed expectations as the THICKEST and STRONGEST tent on the market, they are now the solution for those facing unique height restrictions.

The Shorty stands proudly at 4'11" tall, creating the ideal space for basement and attic growers. Not tall enough for you? They have included 9 inch extension kits that bring the max height to 5'8"!

The Shorty line has all the same features included in the standard Gorilla Grow Tent, including:

- Height Adjusting with the patent pending adjustable extension poles, allowing you to increase the height of your grow tent from 4'11" to 5'8"
- Super thick 1680D fabric
- All steel frame & corners that can support over 300 lbs
- Super strong industrial zippers
- A tool pouch, sturdy spill tray, and EZ view windows
- Unique Diamond Reflective interior
- Infrared blocking roof
- Intelligently designed duct ports & vents
- Bug resistant adjustable micro mesh pre-filters

No more compromising on quality because the best tent won't fit in your basement or attic. The Shorty was developed by and for growers that must have a Gorilla growing experience, but just at a fraction of the height.
