## 400w Switchable Ballast Kit

Model: BAL-400VL

400w Switchable Ballast Kit

Manufacturer: C.A.P. Custom Automated Products

400w Switchable ValuLine Ballast (BAL-400KIT) VALULINE™ BALLASTS The ValuLine Lighting Systems from Custom Automated Products are the best value aluminum coil priced garden light systems available. The cases are powder coated galvanized steel, vented to provide cool operation. They have a vibration dampening system for noise reduction. They are very quiet. All C.A.P. lighting can be run at 120 or 240 volts. No rewiring is necessary. They come with a 120 volt power cord, 240 volt power cords are available below. They will all run either M.H. or H.P.S. bulbs (with the exception of 600w which will run H.P.S. bulbs only.) All ValuLine ballasts feature a detachable lamp and power cord for ease of use and setup. ValuLine Lighting Systems carry a 5 year rebuild or replace warranty (1 year on the bulb).
