## 55 Gallon Drum with Pre-Drilled Locking Lid

Model: hf-DRM58T

55 Gallon Drum with Pre-Drilled Locking Lid

Manufacturer: HydroFarm

This high quality 55-gallon drum is black in color and comes with a pre-drilled solid cover and bolt ring closure. It is perfect for use as a reservoir for larger hydroponic systems. The pre-drilled holes can be used for the grommets and barbed fittings necessary to outfit the drum with tubing for filling and draining. A larger hole can also be cut in the cover to act as a port for adding nutrients, checking pH, etc.

Features

55 gallon nominal capacity

57 gallon actual capacity

2.2 mm minimum wall thickness

Weight: 25 3/4 lbs

Height: 36 1/2"

Top diameter: 23"

Bottom diameter: 22 1/4"

Food grade

Made of high molecular weight HDPE

**Price: \$78.12**
