6' Rail w/ Adjusta-Drive

Model: hf-LR46SYS

6' Rail w/ Adjusta-Drive

Manufacturer: Gualala Robotics

Light Rail 6' Rail w/ Adjusta-Drive (LR46SYS) Adjust-a-drive motor w/6' rail plus mounting hardware
The all new LightRail 4.0 AdjustaDrive is the newest linear light mover available from Gualala Robotics Inc. For a rectangular growing area, a linear lamp moving system is preferable. The self propelled Light Rail 4.0 Adjust-a-Drive is without question, the finest linear lamp-mover available. It uses no pulleys, chains or gears. Simply mount the standard 6 foot track over the desired area and place the lamp-moving drive motor onto the track. The Light Rail 4.0 Adjust-a-Drive is supplied with adjustable switch stops, so lamp travel can be any length you wish. This is perfect for a start-up size garden through to a full growth garden. The standard 6 foot track may also be extended. Light Rail 4.0 comes with a 2 Year Factory Warranty. With both a 0 to 60 second adjustable time delay for promoting even growth from end to end, and a two to four feet per minute adjustable speed that covers a wide range of lamp intensities and travel distances. The all new LightRail 4 AdjustaDrive from Gualala Robotics Inc., designed and manufactured in the USA and is the ultimate in light mover control and is compatible with all LightRail 3.0 and 3.5 rails and accessory items. Light Rail 4.0 is rated to 35 lbs Light Rail 5.0 is rated to 100 lbs RPM is adjustable from 6 RPM (2 ft/min) to 10 RPM (4 ft/min)
