8" Wide Lip Bucket Basket, case of 25

Model: hf-HG8RDBK

8" Wide Lip Bucket Basket, case of 25

Manufacturer: HydroFarm

Hydrofarm 8" Bucket Basket Lid (HG8RDBK) Score a hole in one -- or many holes -- with the Hydrofarm wide lip bucket basket. Holes in a planter or container may seem counterintuitive, but true hydroponics aficionados know that you've got to set your roots free. The many holes in the bottom of these bucket baskets promote healthy roots with even drainage. Letting the roots grow their own way, right down through the pot, allows for bigger, healthier roots. These baskets work with any kind of media -- hydroponics or soil-based. They're also easier to clean, since water runs right through the holes.

If you've ever experienced hand cramp or fatigue, let our bucket baskets come to the rescue. You'll notice an extra-wide lip along the top of these containers, making them easy to grab, lift, and transport. They're also sturdier for stacking this way and even allow you to rest slim tools right on the lip as you work. Never lose track of what you're working with again!

These containers also serve as lids for our other plastic buckets. Place one of these wide lip buckets inside another one, hook up your water system and nutrients, and start a hydroponic garden anywhere.

Check out our full collection of these bucket baskets and other containers to round out your garden supplies.
