Active Aqua Submersible Water Pump, 250 GPH

Model: hf-AAPW250

Active Aqua Submersible Water Pump, 250 GPH

Manufacturer: HydroFarm

Active Aqua Active Aqua Submersible Water Pump, 250 GPH (AAPW250) Choose a pump that was built to go below the waterline! Active Aqua's entire collection of pumps complete any grow setup, built for hydroponic systems, you can't beat the submersible line. All of Active Aqua's submersible pumps include multiple hose fittings so you get an exact fit every time. Each pump's powerful mag drive construction includes removable foam filters, impellers, rubber mounting feet to reduce vibration, and a 6-foot heavy duty power cord. Adjust the pump's flow to get things moving at your preferred rate.

Specifications
