Active Eye Universal Phone Microscope 60x w/Clamp

Model: hf-AEM60C

Active Eye Universal Phone Microscope 60x w/Clamp

Manufacturer: HydroFarm

The Active Eye Universal Mobile Phone Microscope is a compact, lightweight 60X microscope that can be clipped onto smartphones and mobile phones that are equipped with a camera. It is used for viewing very small objects and areas. It is especially recommended for gardening and plant health examinations such as pest and disease assessments. The clip can also be unscrewed from the focusing barrel and lens so that the microscope can be used independently of a mobile phone if necessary. Phone not included.

Features

Bright LED light provides perfect light in any conditions

Ideal magnification for pest and disease detection

Includes: 60X microscope, UV and LED Light and three LR1130 batteries

Price: \$5.51
