Model: hf-AERO605

AeroGarden 7 LED with Gourmet Herb Seed Kit

Manufacturer: -

The Miracle-Gro® AeroGarden® 7 LED is the extraordinary soil-free indoor garden that grows plants 5 times faster than soil. Grow fresh herbs, vegetables, salad greens, flowers and more... let your imagination grow wild! The AeroGarden 7 LED can be set up in minutes - just insert the Seed Pods in your garden, add water and nutrients, and then watch it grow! It's as easy as 1-2-3!

The easy-to-use Control Panel automatically creates optimal conditions for your plants by turning the Grow Lights on and off and reminding you when to add AeroGrow's patented, specially formulated Liquid Nutrients. The AeroGarden 7 LED provides high-performance, energy-efficient lighting for plants. LED lights save hundreds of dollars in energy and Grow Light replacement costs and last three to five years! This garden tailors the light spectrum for optimal growth, concentrating daylight white LEDs for fast growth, blue LEDs for bigger yields, and red LEDs for more flowers and fruit. The AeroGarden 7 LED's energy efficient, full spectrum Grow Lights significantly increase plant yields. Now you can garden indoors, year round, and your plants are Guaranteed to Grow!

Overview and Benefits
