Agrobrite Compact Fluorescent Lamp, Cool, 200W, 6500K

Manufacturer: HydroFarm

This 200W compact fluorescent grow light with cool (6500K) color spectrum is ideal for propagation, side lighting, and vegetative growth. It will provide your plants with lots of usable light for best growth and yield. It emits very little heat, allowing you to place it close to your plants for maximum intensity. Because this lamp is self-ballasted, you simply screw it into your CFL reflector, giving you convenience and flexibility.
