Agrobrite Compact Fluorescent Lamp, Warm, 250W, 2700K

Manufacturer: HydroFarm

This 250W compact fluorescent grow light with warm (2700K) color spectrum is ideal for flowering. It will provide your plants with lots of usable light for best growth and yield. It emits very little heat, allowing you to place it close to your plants for maximum intensity. Because this lamp is self-ballasted, you simply screw it into your CFL reflector, giving you convenience and flexibility.
