Agrobrite Fluorowing Compact Fluorescent System, 125W, 6400K

Model: hf-FLCDG125D

Agrobrite Fluorowing Compact Fluorescent System, 125W, 6400K

Manufacturer: HydroFarm

The Fluorowing Compact Fluorescent System is a compact package that is fully assembled and ready for you to plug in and start growing. It includes a full daylight spectrum 125W 6400K compact fluorescent lamp, built-in reflector, and 8' power cord.

The Fluorowing's reflector now uses metallic film specular for greater reflectivity. Super bright—5% more intensity than our previous Fluorowing model!

Features
