Model: eco-4497

All System™ Cord Set - w/ 15' 120V Power Cord

Manufacturer: HydroFarm

All System™ Cord Set - w/ 15' 120V Power Cord (eco-4497)All System Cord Set - w/15' 120V Power Cord

All System Cord Sets / Conversion Plugs

All SystemTM Cord Set - w/15' 120v Power Cord for use with compact fluorescents

We start with a 6KV pulse rated position-oriented mogul socket - the highest rating of any socket on the market.

The socket is mounted on our patented All System cylinder and mounting disc which adjusts each bulb for maximum reflectivity. Then we add our new molded right angle strain relief and 15 feet of heavy duty 600 volt rated cable to our patented waterproof Lock & Seal plug system.

All-in-one design works with all ballast wattages

No external reflector brackets required

Works for all Hydrofarm reflectors

Patent #: U.S. 7025,479, D 518,778, D 406,260

These adapter plugs allow the customer to plug Type S reflectors to Hydrofarm ballasts or Hydrofarm reflector to Type S ballast.

SKU: CS53520

Weight: 3.1 lbs.

Package Dimensions: 4.4L x 9.0W x 7.5H

Suggested Retail: \$24.95
