Azos Root Booster/Growth Promoter 2oz

Model: hf-RT1349

Azos Root Booster/Growth Promoter 2oz

Manufacturer: Xtreme Gardening

Xtreme Gardening Azos Root Booster/Growth Promoter 2oz (RT1349) Azos is a beneficial microbe that forms a symbiotic relationship with your plant, converting atmospheric nitrogen into a useable form that your plants can uptake. Nitrogen is critical for forming vegetative matter and supporting abundant growth. Azos promotes growth, while boosting natural root development. As always Xtreme Gardening products are free of GMO's (genetically-modified organisms) & harmful pesticides.

• Great for Roots & Growth in soil, coco, rockwool, and all hydroponics.

Application Cuttings & Starts - Soak, Dip, & Stick - 1. Add 1/4 cup per gal water. Soak plugs for 10 mins. Remove plugs. 2. Mix 1 part Azos with 2 parts water. 3. Dip tips of new cuttings in solution for 3 seconds and set in plugs.

*Add 1 tbs per gal into clone machine. Established Plants - Drench - Add 1/2 cup per gal water. Mix well. Pour 2 cups solution at the base of each plant. 1 gal treats 8 plants.

*Dust root ball of starts with 1-2 tsp*Azos works best alone without synthetic rooting compounds*For Best Results pH water to 6.0 (neutral), before adding Azos to root new cuttings

• Hydroponics & Irrigation - Reservoirs - Add 1 cup (16 tbs) per 50 gals water. Repeat weekly for best results. • Flowering & Fruiting Plants - Stop. No need to add more.
