B'Cuzz Hydromix 3.8 cubic foot bale

Model: hf-BZHYMX

B'Cuzz Hydromix 3.8 cubic foot bale

Manufacturer: Atami

Atami B'Cuzz Hydromix 3.8 cubic foot bale (BZHYMX) B'Cuzz Hydromix HP is a "high porosity" professional growing medium formulated for the serious grower. The lightweight and high porosity of B'Cuzz Hydromix HP provides conditions necessary to establish plant growth, especially when growing situations require high air-capacity and low water-retention media. These characteristics make B'Cuzz Hydromix HP ideal for use with water sensitive crops, propagation of plant cuttings, and/or low-light conditions.
