Big Blue Ozone Unit. 8 in x 20 in

Model: MI397

Big Blue Ozone Unit. 8 in x 20 in

Manufacturer: Big Blue

Big Blue 8" Ozone Unit The 8" Big Blue is our most popular model. This polished stainless steel ozonator has 3 bulbs, each with its own high powered ballast. Adjustable ozone output; each bulb is individually controlled. This redundant fail-safe feature means you are never without odor control. Great for larger spaces and faster results in smaller spaces. This unit measures 20" long x 8" in diameter. Recommended fan size of up to 800 cfm. The 8" Big Blue produces up to 2250 mg/hr. Heavy duty ozonators, feature a highly polished stainless steel housing (amplifying ozone output) and multiple UV-C germicidal lamps, each is individually controlled for unrestricted removal of heat associated with multiple high wattage grow lights, allowing fully adjustable ozone output. This redundant fail-safe feature means you are never without odor control. Great for larger spaces and faster results in smaller spaces. These ozonators are not affected by high humidity levels and fit conveniently into your duct system with hanging eyelet supports and prepunctured mounting holes.
