BIG UP POWDER 8OZ 12/CS

Manufacturer: Humboldt Nutrients

Hum-Boldt Big Up Powder 0-33-23

Big Up Powder is a premium amino chelated bloom booster. It is free of all of the unnecessary artificial colors and dyes. Big Up has over 24 different amino acids that efficiently deliver high levels of phosphorus and potassium to the fruit or flower.

Plants are in a transitional phase during this first week. By introducing Big Up powder in the first week of flowering, you effectively flip the switch in your plant, sending it immediately into an intense flowering cycle. Big Up also provides the final boost of energy that your plants need to finish the bloom cycle with the largest flowers you have ever seen.
