BioBizz Fish-Mix 1L

Model: hf-BBFM1L

BioBizz Fish-Mix 1L

Manufacturer: BioBizz

Biobizz BioBizz Fish-Mix 1L (BBFM1L) Fish-Mix liquid organic plant food conditions substrates to stimulate bacterial flora and accelerate growth. It is an infusion of organic fish emulsion from the North Sea mixed together with the horticultural extract of Dutch sugar beet. Fish-Mix boosts growth of all living organisms in the substrate, as well as improving and stimulating production of micro organisms and useful bacteria in every type of soil and coco-based substrates. Using Fish-Mix can turn poor quality soil into rich and fat soil and provide your plants with natural nutrition.

In keeping with the requirements of organic farming, Fish-Mix is not extracted with acids or stabilized with BHT. It is mild enough to be used in the first stages of a plant's life or sprayed directly onto leaves during the vegetative stages of growth.

Manufacturer's Product Information

MSRP each \$22.95

UPC8718403231311

Dimensions 2.5 x 7.5 x 2.5

Case Weight 47

Case Quantity 16
