Botanicare Clone Machine 48

Manufacturer: Botanicare

Botanicare Clone Machine 25 & 48 Botanicare Clone Machine 48 (706168) The Clone Machine™ 25 & 48 are improved redesign of the 20 & 42 Site Clone Machines. It provides more clone sites in a smaller space. The compact, clean designed reservoir is made from high density poly ethylene which is more durable for longer product life. The Clone Machine™ 25 includes a high-output submersible pump, 25 neoprene inserts, Power Clone Solution™ rooting hormone. The Clone Machine™ 48 runs efficiently using just 6 gallons of water and utilizes a high output submersible pump and 48 neoprene inserts.
