Botanicare Hydroplex Bloom (0-10-6) - Quart

Manufacturer: Botanicare

Big, Brilliant Blooms! Hydroplex 0-10-6 Bloom Maximizer, now includes a broader range of amino acids, more trace minerals and more select, beneficial vitamins. Use Hydroplex in conjunction with any base bloom nutrient to maximize the yield potential of fruiting and flowering plants. Most standard PK boosters are structured to create larger fruits and flowers- Hydroplex Bloom Maximizer surpasses that standard by increasing plants resistance to external stresses; and amplifying enzyme, chlorophyll, and essential oil production.
