BUSHDOCTOR SLEDGEHAMMER QUARTS

Model: 732850

BUSHDOCTOR SLEDGEHAMMER QUARTS

Manufacturer: FoxFarm

BUSHDOCTOR SLEDGEHAMMER QUARTS (732850) Bushdoctor Sledge Hammer

Bushdoctor® Sledge Hammer™ is a unique rinse formula designed to remove excess fertilizer buildup and encourage water movement through soil and soilless mediums. It helps release surface tension in the soil which will allow optimal absorption of moisture and nutrition through the plant's root system. Derived from Saponin, an extract from Yucca, Sledge Hammer™ is organic & natural and can be used in both hydroponic and soil applications. For optimal results, follow the FoxFarm feeding schedule.
