CaMg+ Qt.

Model: hf-GH5312

CaMg+ Qt.

Manufacturer: General Hydroponics

General Organics CaMg+ Qt. (GH5312)CaMg+ helps optimize plant nutrition resulting in enhanced growth and healthier flowers and fruits. CaMg+ is a blend of fermented calcium and magnesium complexed with organic acids and sugar chelates. These low molecular weight acids may facilitate calcium and Magnesium transport into the plant.

General Organics provides gardeners with a complete line of superior organic plant foods and supplements that combine the time-tested materials of traditional gardening with the ecological and efficient methods of the future. Each product in the "GO" line enables you to enrich your garden, your life, and the planet. General Organics foundation rests upon a deep commitment to provide simple, sustainable and innovative products with unsurpassed quality.
