Can Filter Group Can 2600 w/ Pre-Filter, w/o Flange (CF0358515B)With 15 years experience specializing in activated carbon odor control, Can-Filters designs and builds only the highest quality Activated Carbon air filter, using only Virgin Activated Carbon specially formulated to meet your job criteria.

Can-Filters provide one of Nature's BEST odor control materials, ACTIVATED CARBON. The CKV-4 (carbon type) is specially developed for this purpose.

Controlled grain size and a large surface area give full rated airflow and more than 99% odor removal.

Carbon bed thickness is 2.5" - More carbon means more absorption!

Can-Filters packed bed design means no settling and no preferential channels for consistent performance and long life.
