Capacitor Halide 1000W/Wet 24 MFD/480 VAC MIN

Model: hf-BACPHL1TH

Capacitor Halide 1000W/Wet 24 MFD/480 VAC MIN

Manufacturer: HydroFarm

Hydrofarm Capacitor Halide 1000W/Wet 24 MFD/480 VAC MIN (BACPHL1TH) This replacement capacitor halide 1000 Watt/Wet 24 MFD/480 VAC MIN is suitable for all Hydrofarm 1000W metal halide magnetic ballasts. Capacitors store the power in the event of an increased demand on energy. High-powered drives may experience a need for a capacitor to handle the power they run, which often exceeds that available from the power source.

Hydrofarm capacitors and replacement capacitors are available in a variety of wattages, brands, and types. Choosing a capacitor to best fit your system can be a confusing process. Contact your Hydrofarm sales representative with questions or for assistance shopping for capacitors and replacements, or to ask what best suits your current ballast and grow room setup.

Manufacturer's Product Information

MSRP each \$35.95

Dimensions 1.8 x 1.8 x 4.7

Case Quantity 1

Price: \$24.07
