## Capacitor Halide 1000W/Wet 24 MFD/480 VAC MIN

Model: hf-BACPHL1TH

Capacitor Halide 1000W/Wet 24 MFD/480 VAC MIN

Manufacturer: HydroFarm

Hydrofarm Capacitor Halide 1000W/Wet 24 MFD/480 VAC MIN (BACPHL1TH) This replacement capacitor halide 1000 Watt/Wet 24 MFD/480 VAC MIN is suitable for all Hydrofarm 1000W metal halide magnetic ballasts. Capacitors store the power in the event of an increased demand on energy. High-powered drives may experience a need for a capacitor to handle the power they run, which often exceeds that available from the power source.

Hydrofarm capacitors and replacement capacitors are available in a variety of wattages, brands, and types. Choosing a capacitor to best fit your system can be a confusing process. Contact your Hydrofarm sales representative with questions or for assistance shopping for capacitors and replacements, or to ask what best suits your current ballast and grow room setup.

### Manufacturer's Product Information

MSRP each \$35.95

Dimensions 1.8 x 1.8 x 4.7

Case Quantity 1

**Price: \$24.07**
