## Chameleon Cable Clips & Wraps

Model: hf-HAZ1001

Chameleon Cable Clips & Wraps

Manufacturer: HydroFarm

HazardGuard Chameleon Cable Clips & Wraps (HAZ1001) Flexible cord sets are one of the most common, yet dangerous, products in use today. Too often, they can lead to safety and fire risks because of overloading, poor connections, frayed conductors, load device failure, and more.

When the Chameleon detects excess heat (110°F), it changes colors from green to orange. The color-change is a visual warning that the electric cord is potentially hot and hazardous and should not be touched, or to be handled with care.

The Chameleon clips and wraps easily to:

- Appliance cord sets
- Workshop power tool cords
- Extension and power cord sets
- Portable heaters and generator cables
- Computers, office machines, cord sets, etc.

Pack includes:

2 round clips

2 flat clips

2 chameleons

### Manufacturer's Product Information

MSRP each \$7.95

UPC073906024074

Dimensions 1.5 x 3.75 x 2.5

Case Weight 1

Case Quantity 12

**Price: \$6.38**
