CNS17 RIPE GALLON 4/CS

Model: 733023

CNS17 RIPE GALLON 4/CS

Manufacturer: Botanicare

Botanicare® CNS17 Ripe 1-5-4

The newest addition to the CNS17 line is coming to retail stores on February 1st. CNS17 Ripe 1-5-4 is a specially designed formula requested by industry professionals to be used in the final 3-4 weeks of the bloom cycle. Ripe has an adjusted NPK of 1-5-4 intended to help promote ripening in fruiting and flowering plants. By reducing nitrogen amounts to a minimum level and maintaining optimal ranges of phosphorous and potassium, the use of Ripe will encourage plants to focus more energy on reproductive functions while still maintaining adequate nutrition levels for foliage. Compatible in both soil and soilless gardens, Ripe is a great addition to users already using the CNS 17 Family line.
