## CO2Boost Boost Buddy (Case of 8)

Model: BoostBuddy

CO2Boost Boost Buddy (Case of 8)

Manufacturer: CO2 Boost

The Boost Buddy" is a safe, organic way to add Co2 to your smaller indoor growing environment (4x4 or smaller) and is usable during all stages of growth from vegetative to fruiting. "The Boost Buddy" is constantly producing Co2 and requires no daily maintenance and produces no electricity or heat. Simply place "The Boost Buddy" inside your growing environment and watch as your garden grows and benefits from it's all-natural Co2.

For areas larger than a 4x4, The Boost Buddy is to be used as an "ACCESSORY ONLY" to your all-natural, organic Co2 generator The Co2Boost.
