## Commercial 12 Light Controller High Power HID

Model: hf-APCLC12DX

Commercial 12 Light Controller High Power HID

Manufacturer: HydroFarm

Autopilot Commercial 12 Light Controller High Power HID (APCLC12DX)Autopilot's twelve outlet commercial light controller is designed to safely control today's digital ballasts.

The commercial twelve light controller features an integrated time delay to "soft start" each bank of 4 lights (5 min delay between banks), reducing the start-up load. External breakers allow the user to easily shut down power to the attached equipment. The commercial light controller is made from steel and built to last.

• Heavy-duty relays• Durable steel enclosure• Operate multiple HID or fluorescent light fixtures from a single controller or timer device• 120V trigger cable and 120V accessory outlet
