Commercial SE Reflector (40/PIt)

Model: 904926

Commercial SE Reflector (40/PIt)

Manufacturer: Sun System / Sunlight Supply

Commercial SE™ Reflector with Brackets

This is a 95% reflective German aluminum reflector with brackets built in for adding your Galaxy Digital Logic® electronic ballast (sold separately). These brackets have wing nuts that easily adjust to put the ballasts into place. A high quality mogul base socket and short lamp cord are included for easy set up. Fully enclosed socket assembly protects wiring from heat and UV light. Cutouts for hanging hooks or for mounting. This reflector and brackets are built to withstand the vigors of a commercial environment.

Price: \$88.69
